## Community Services Block Grant

---

# Introduction to the Area

## Community Needs Assessment for Program year 2022-2023

### A. INTRODUCTION

The Central Kentucky Community Action Council, Inc. is a private, non-profit organization incorporated in March 1966, to provide social service programs in four of the eight counties of the Lincoln Trail Area Development District. In October of 1982, the Agency was authorized to provide expanded services through the Community Services Block Grant Program, in all eight counties of the Lincoln Trail Area Development District. In 2007, CKCAC was asked to provide services for the Kentucky Works Program, which has now expanded to seventeen counties. CKCAC provides services for the following programs: Community Services, Head Start, Transportation, Kentucky Works, Community Collaboration for Children, Weatherization, Senior Citizen Congregate Meals, Child Food Programs, Retired Senior Volunteer and Senior Companion Programs. Community action agencies are federally designated entities originating from President Johnson's "War on Poverty." As a community action agency, Central Kentucky Community Action Council, Inc. is a private, nonprofit 501(c)(3) corporation governed by a tri-partite, twenty-four member board of directors consisting of the low income consumer of agency services or a representative, elected public officials, and the private sector - business people, educators or representatives of local organizations.

The current service area has a span of eight counties, which includes: Breckinridge, Grayson, Hardin, Larue, Marion, Meade, Nelson and Washington located in the central and west central area of Kentucky comprises the Lincoln Trail Area Development District. This area is comprised of cities such as Hardinsburg, Leitchfield, Elizabethtown, Hodgenville, Lebanon, Brandenburg, Bardstown, and Springfield. Although these counties are considered rural, the area is easily accessible by an excellent interstate road system. I65 runs North and South and the Western Kentucky Parkway and the Bluegrass Parkway run East and West through the middle of our area. Other major highways connect our communities with jobs and make our communities prime candidates for new factories and industry. Tourism is an industry that provides employment opportunities and financial benefits for our communities. Recreational areas include Rough River, Nolin Lake, and the Ohio River. Our area includes many historic sites including, My Old Kentucky Home, various distilleries, and outdoor dramas that draw vacationers to our communities from all around the world.

Our goal is to help people help themselves toward self-sufficiency. We work toward this goal daily by providing services to the families of low-income. Community Action is considered the "hub of the wheel" of service providers in the counties we serve. Through our Interagency Meetings with other service providers, we know who is doing what, and what services are available to families of low-income. With this valuable information, we can match families to services. Our Agency is a voice for the families of low-income, helping people, changing lives, making a difference every day in our communities.

Central Kentucky Community Action Council, Inc. engages low-income individuals in a variety of ways throughout the agency. Most programs utilize volunteers throughout the year to enhance services, program operations, and customer support. Head Start utilizes parent volunteers in Head Start classroom activities and as decision makers on Policy

Council and fathers participate in the Watch Dog Program. The Senior Companion Program is a program designed to allow individuals remain in the home longer with the assistance of a low-income volunteer. The volunteers in this program that qualify as low income are eligible for a stipend to assist in their efforts as they assist the community and the agency. Community Services (CSBG) utilizes Kentucky Works and Experience Works volunteers as receptionist in our offices to help provide services to individuals and families. The agency engages low-income individuals to participate in completing the yearly Community Needs Assessment and serving on the tri-partite board in an effort to guide agency program and services.

# Community Needs Assessment for Program year 2022-2023

A. Comprehensive Community Needs Assessment was conducted from July 1, 2021, through March 11, 2022, by staff of the organization in conjunction with the Community Services Block (CSBG) requirements and as a resource for CKCAC, and other collaborative partners, to ascertain critical needs in the CKCAC service area, as identified by community members, consumers, stakeholders, and service providers, to enable CKCAC to continue adapting programs and services to best meet community needs.

Findings from this assessment will be used to assist Central Kentucky Community Action Council, Inc. to continue to deliver high quality services and promote the National Community Action Network Theory of Change Goals:

- Individuals and families with low incomes are stable and achieve economic security;
- Communities where people with low incomes live are healthy and offer economic opportunity;
- People with low incomes are engaged and active in building opportunities in communities.

## B. METHODOLOGY

Multiple sources of quantitative and qualitative data were utilized to develop as clear a picture as possible on regarding the health, wellbeing, and self-sufficiency of our area. Quantitative data was primarily mined through the CARES Engagement Network platform, an online depository for demographic information from available standardize data resources located at <https://cap.engagementnetwork.org> [Labor Market Information Report Library - KYSTATS](#)

Qualitative data was collected in the form of a survey of clients, consumers, stakeholders, employees, community leaders, faith-based representatives, elected officials, and board members of the Central Kentucky Community Action Council, Inc. CSBG service area. Surveys were collected between July 1, 2021 and March 11, 2022, in both written and online formats. The survey was accessible online via Survey Monkey via the CKCAC website, Social Media Facebook and under the Community Needs Assessment link located at <https://www.surveymonkey.com/r/TLDLGMN-CNA>, and maintained by Community Action Kentucky (CAK), a statewide association representing and assisting the 23 community action agencies throughout the Commonwealth.

Qualitative data is usually gathered through the hosting of 8 community meetings throughout the region. This was not completed due to the COVID 19 restrictions. Community partners and community members of each county were asked to complete the survey.

The research, analysis and writing of this Community Needs Assessment was performed under the direction of Ellen B. Leake, CCAP-NCRI, CSBG/HEAP Director-Agency Operations Officer for CKCAC.

Needs Assessment Survey Forms completed by clients or interested persons – 1400 were returned and/or completed online and calculated. The analyzed data generated is used for prioritizing the CSBG Work Plan.

### **C. Collaborative Efforts**

There is a strong community service network in our area working to remove the obstacles and solve problems that block the achievement of self-sufficiency. By close contact, and knowing what each agency has to offer families of low income, the entire network can provide information and referral, to obtain the best service from the resources available, without duplication.

**D. Community Strengths** For example, we work with the Kentucky Career Center, Department of Employment Services, and temporary job placement agencies to help our clients get jobs training and placement. We provide on the job training to several clients in our county offices. This Agency also operates the Kentucky Works program; assisting K-TAP recipients obtain Job Readiness Skills and employment. The job experience and counseling services they receive are invaluable when these workers venture out to new employment. Other community strengths include an excellent road system that includes I65, the Western KY Parkway, the Bluegrass Parkway, and many other major highways. Elizabethtown Community and Technical College sits in the center of our service area. The main Campus is in Elizabethtown and a satellite campus in Springfield, KY. Branches of Western KY University and Campbellsville College are located in Elizabethtown and Lebanon. Tourism provides employment opportunities and financial benefits to the community.

### **ii. Describe activities designed to assist low-income participants including the elderly poor.**

**1. To secure and retain meaningful employment:** Central Kentucky Community Action Council, Inc. CSBG Staff works with clients to secure and retain employment. This area is addressed in ROMA - a client is "unemployed and obtain a job." We assist with the job search. We refer to employment programs such as Workforce Investment. Staff members assist clients in overcoming obstacles to employment such as day care, clothing, and emergency assistance. Employment assistance funds are available. Staff members follow up on clients to help with any problems that may arise that would jeopardize job retention. The Agency works with the Experience Works Program, School to Work, Kentucky Career Center and Kentucky Works as a host agency, providing job-training opportunities. There are Experience Works and School to Work workers placed in our county offices for job training. These workers are a big help to us, they answer the telephone, file, and in some cases take applications for LIHEAP. We also assist with recruitment for Experience Works Senior Program. CSBG works with the Agency Senior Companion Program and the Retired Senior Volunteer Program to reach out to the Senior Citizens in our service area. In answer to recent Needs Assessment data, this Agency continues to contract with the Cabinet to operate the Kentucky Works Program in our eight county service area and an additional nine Counties. This program provides job training sites, job placement both subsidized and unsubsidized, and Job Readiness Activities for K-TAP recipients that have been referred to this component by Case Managers from the Cabinet for Health and Family Services. Funds are available to assist with the cost of transportation to work, clothing required for work, and shoes.

**2. To attain an adequate education:** We, as an Agency that works to help people help themselves, know that education is the key to breaking the cycle of poverty. We emphasize the need for education and refer clients to adult education and literacy programs. Our area has excellent facilities offering these programs. We offer assistance with fees and transportation for GED Testing, along with College Scholarships to graduating seniors and GED recipients. CSBG funds are used to purchase books and school supplies. CSBG funds also assist through Employment Support, with the cost of computer classes, Certified Nurse Aid Training Classes, or other programs that will assist with job acquisition or retention. We track the progress of our clients in educational programs through ROMA and help them achieve their educational goals. We provide a list of age appropriate children to the Head Start Program in December and in April of each year. CSBG Coordinators work with the 4 H, Camp Cresendo, Sheriffs Camp and other camps to pay the camp fee for low-income children. We sponsor low-income

kids for school field trips, day camps, swimming lessons, sports equipment, Louisville Zoo passes (Family) and a wide range of other educational activities and opportunities. If needed we provide school supplies, and clothing or uniforms for youngsters.

**3. To make better use of available income:** Our staff is qualified to provide training on budget management for our clients. In all cases in which financial assistance is to be provided, the case- worker must “run the budget” for the family in Castinet. This budget page gives a clear breakdown of where the money goes, and is enlightening to many clients. Clients may be required to attend Budget Classes before additional financial assistance is provided. 13,045 families received assistance through our county offices during the LIHEAP Programs. This assistance with the cost of home heating allowed the families to free up funds that would have been used for this purpose. We provide information to these families to help them conserve energy. We target Senior Citizen Centers and Housing when advertising LIHEAP, and Staff members call our elderly clients to remind them of LIHEAP. We complete LIHEAP applications by phone for our elderly clients and offer the early registration to those on fixed income. Notices are also distributed through Head Start Centers and sent to each grade school. We provide Christmas baskets for the elderly in several counties, allowing them to stretch their income. LIHWAP water assistance was added this year.

In many of our counties, furniture and household items are available to allow families to stretch their dollars. We have agreements with Goodwill to allow our clients to shop, along with free clothing banks in many of our counties. We address other areas of potential income, including child support when applicable, SNAP-“why haven’t you applied?” Our staff is very involved with community Holiday Programs; helping hundreds of families stretch their monthly incomes at this important time of year. We assist our clients in accessing other mainstream resources.

**4. To obtain and maintain adequate housing and suitable living environment (prevent homelessness:** Community Service Coordinators work closely with Public Housing, Section 8, Income Based Housing, and the Weatherization Program to assist our clients with housing needs. We assist with the Housing Search for affordable rental housing. We assist in completing applications for other programs, including the Section 8 rental assistance program and Weatherization. The Community Services Program Director actively seeks additional funding to address the needs of the homeless and to prevent homelessness. (Below) Staff members coordinate with the Elderly Housing Complexes – completing LIHEAP applications on-site as a special service for seniors. Staff members advocate for the need of more affordable rental housing in our area.

**5. To obtain emergency services:** We also provide emergency financial assistance for families, using CSBG funds, Match donations, Ministerial Association, local Churches, Salvation Army, Wintercare and Winterhelp and Untied Way Grants for rental and utility assistance. During the 2020-2021 LIHEAP Subsidy Season, we processed 3,300 applications for 3,300 unduplicated families, with \$606,200.00 in benefits. LIHEAP Crisis Season we processed 4,123 applications for 2,874 unduplicated families, with \$948,387.89 in benefits. We work with families to develop strategies to avoid future emergencies. On site, Emergency Food Banks are located in many of our offices. We collaborate with Emergency Food Banks in the other counties. Homelessness needs are met through two shelters in Hardin County, A Night at the Inn and Nelson County offers overnight accommodations in participating churches. CKCAC is also able to refer to shelters outside our area. Referrals are made to Employment Services to assist families in emergency situations.

**6. To provide nutritious supplies or services that may be needed to counteract condition of starvation and malnutrition** Each of the County CSBG Coordinators either operates an emergency food bank or screens the applicants for the area food banks for eligibility. Each Coordinator can provide immediate nutritional assistance

in an emergency, and prompt assistance in non-emergency instances. For the past 5 years, the Agency has collaborated with the USDA and America's Second Harvest of the Heartland to operate the CFSP (Senior Commodities Program) in six of our counties serving over 600 seniors. At monthly Commodity distributions we are able to distribute additional food items to low income individuals in conjunction with Feeding America Second Harvest. The food items vary and during summer months farmers donate the not perfect vegetables. In collaboration with Feeding America of Kentucky's Heartland and other services providers in our communities, the Agency has implemented the Backpack Program in four of our Counties. This program provides food for 480 children with "food insecurity" meaning that their nutritional needs may be met while in school and obtaining school meals. But, they may not have access to food on the weekends. Bags of food are discretely placed in the child's backpack to help meet his/her nutritional needs over the weekend. The Garden program is seeing a renewed interest. The garden program offers clients/individuals or families plants and seeds for a home garden. At the end of the gardening season they report back the amount of produce reaped and if canning or freezing took place. We collaborate with local Extension Offices and Libraries for referrals and classes in gardening and food preservation. In Larue and Nelson County we collaborate with the FFA class to grow plants needed in those counties. Senior Citizens at our senior center in Larue and Nelson County in collaboration with the High School FFA class learn how to plant patio gardens. And take home plants. Our Head Start families are receiving a child's gardening book, seeds and a cell pack of plants, along with our garden flyer. Hot meals for seniors can be obtained by attending at our Senior Centers in 7 of the 8 counties. In Meade we operate a meal voucher program for seniors. We also distribute Farmers Market Coupons for seniors during the summer months.

**7. To achieve greater participation in the affairs of the community** Persons of low income need to be involved in their communities. This involvement can make them feel that they have more of a stake in the community. With this comes the feeling of pride and ownership. We track the number of persons volunteering for Agency projects through ROMA. We encourage involvement from our clients, in ours and other community projects, including participation on our Agency Board of Directors and Head Start Policy Council and Emergency Food and Shelter Board. The Needs Assessment Process gives the families of low-income an opportunity to provide input into program planning. Our clients are also offered the opportunity to complete a Satisfaction Survey to assist the Agency in customer service. We mobilize community resources for families of low-income. We advocate for them during community presentations. We provide advocacy with other programs to get faster results.

**8. To remove obstacles and solve problems by establishing comprehensive, long term programs of family development, which will help achieve goals, solve problems and maintain self-sufficiency:** Case management is provided to assist families toward self-sufficiency. By assisting families in times of need, and providing counseling regarding budgeting, employment, education, housing or involvement we are helping them become self-sufficient. Assisting a family to rent an apartment that they can afford, or assisting them with the application process for loans or Section 8 helps them become self-sufficient. Assisting to remove obstacles to employment and education, developing strategies to prevent further emergencies and providing follow up support assist them in becoming self-sufficient. "We will help you help yourself become self-sufficient." Case management toward self-sufficiency is required and funded by several of the funding streams that we operate alongside CSBG. Making our CSBG dollars go farther.

**9. To provide on an emergency basis for the provision of goods or services, health care and related services, as may be needed to assure good health care.** We will continue to offer assistance with health transportation, as needed either using Community Action Transportation Services or gas vouchers for medical appointments. Families are referred to the application process for the free or reduced cost prescription drug programs. CSBG staff works in collaboration with Seniors Saving Medicare. We expect that hundreds of senior citizens will receive free name brand medication from the big Drug Companies through this collaboration. CSBG Staff members refer to the Senior Companion Program. This program matches low-income seniors with persons

who need limited assistance with activities of daily living, to remain in their homes. Staff members make calls to CHFS to find out “why” the passport card has not been approved. This advocacy helps speed up the process. Assistance is provided with scheduling appointments in some cases. Information is provided on programs such as KCHIP, Medicaid and Medicare. We assist families with applications for free vision care, and refer to the Dental School for free or reduced cost dental care. Health care items, such as toothbrushes, toothpaste, soap, laundry soap etc. are available in our County offices for families that need them.

iii. This Agency participates in inter-agency meetings throughout the 8 county region in an effort to bring awareness of community concerns, to remove barriers to self-sufficiency. We also work closely with the Family Resource Centers and Youth Service Centers to reach the children in our area. We work with local law enforcement offices. They are “on call” to protect us when clients become belligerent or violent.

iv. This Agency works closely with Marion County Community Services Center, Aid to West Marion County, Ministerial Associations in all Counties Served, Monks of Gethsemane, St. Vincent DePaul Society, Good Samaritan, Red Cross, Salvation Army, County Extension Offices, Family Resource Centers in each County served, Goodwill Industries, Fiscal Courts in each County Served, America’s Second Harvest of Kentucky’s Heartland, Grayson County Community Alliance, Kentucky Housing Corporation, Christian Motorcycle Club, Toys for Tots, Army Reserve, Clothes Closet, High School Clubs, Hendrickson Auxiliary, Mail Carriers Union, Boy Scouts, United Postal Service, Public Housing, Department of Community Based Services. Our field staff works closely with other providers of Service in their areas. In Hardin County, we work in a triangle, with St. Vincent DePaul, Hardin County Hope and Helping Hand, to assist clients. In Marion County, we work with the Community Service Center, Aid to West Marion County, and other faith based organizations to assist clients. In Breckinridge, Larue, Grayson and Meade County we work closely with the Ministerial Associations, Civic organizations and other groups to provide the assistance needed. In Nelson County, we work closely with Gethsemane and St. Vincent’s. In Washington County, we maintain a close relationship with Catholic Church and other community groups. We provide emergency food through our Food Banks, or refer to Food Banks in the area. We work with Red Cross, Goodwill and other groups to provide furniture in cases of fire or disaster. Our intent is to be the hub of the service provider network in the areas we serve. The County Judges serve on our Board of Directors and on the Local Emergency Food Shelter Board. Staff members attend many different meetings in which services are discussed. This information prevents the duplication of services. More and more, local Churches and the Salvation Army are turning to our Outreach Staff to screen clients for eligibility. Several deposit funds into the Local Match Funds for Counties, allowing us to provide the assistance in our offices.

As stated earlier, the strong community service provider network is a great strength. By being aware of other services offered, coordinating services, and making effective use of other services offered, our staff can better help the clients we serve. These partnerships also allow this Agency to be able to get the best results from our resources. Our CSBG Staff members sit on many community Boards.

v. We encourage economic development. As representatives of the low-income, the Community Services staff promotes their hiring, by reminding the community of this untapped resource. We advocate for our client base to get a share of opportunities. Staff members provide program presentations to civic groups, including the Kiwanis and Rotary Clubs. We work with job services to place clients in available positions. Staff members attend Town Hall sessions with legislators to bring the plight of families of low-income to their attention. The addition of the Kentucky Works Program also creates closer ties with the economic development commissions in each of our Counties. Staff members attend Chamber of Commerce Meetings and Economic Development functions.

vi. We do provide education, counseling and technical assistance with equal opportunity issues in our county offices. Cases are referred to the Agency Equal Opportunity Officer as necessary. Notices are posted in each of our offices. Equal Opportunity instructions are provided as we process the service assessments for each family.

#### **e. PRIORITIZING COMMUNITY NEEDS**

During our Needs Assessment Process we received lots of feedback from the 1352 persons completing the survey. This included Client, Community Partners, Board Members and Staff. To set the priorities Survey Monkey was used to compile and determine the needs in each category and then ranked the categories.

Central Kentucky Community Action Council, Inc. ranked the CSBG services categories as follow for the fiscal year 2022-2023:

#### **KEY FINDINGS**

1. Housing(Family)
2. Employment (Family)
3. Education (Family)
4. Health (Family)
5. Income and Asset Building (Family)
6. Support Services (Family)
7. Civic Engagement (Community)

**f.** A common intake in Castinet is performed and eligibility is determined. Those eligible are referred to the most appropriate program within CSBG or the Agency. They may be provided with financial assistance with CSBG or other program funds as necessary and if available. County Coordinators will follow up with the individual or referral completing program goals.

Termination is based upon the completion of the immediate goal-long or short or the program requirements.

**1. Housing** The current economic conditions following COVID 19 Pandemic may be the reason that Emergency Services is rated higher. We assume that the many Emergency Services offered by this Agency are meeting most of the needs of the families of low-income, helping families help themselves. 64.14% expressed a need for assistance with emergency heating and cooling, (**utilities, rent/mortgage**). Housing is a real issue in our area. We provide many housing services, including Weatherization, housing placement and rental assistance programs. The cost of rent in our area has risen, especially in the Hardin, Meade County areas that were impacted by Fort Knox continues. The CSBG Staff agrees that as long as current funding exists, most emergency needs will be met. This Agency will continue to aggressively seek funding to continue and expand Housing .  
**Family**

**2. Employment** Due to the current economic climate and the 5.3% unemployment rate 64.00% of the surveyed rank the Opportunity for a “Living Wage” job is needed to become self-sufficient. There are many services that we can provide for employment – making employment our number first priority. We have budgeted funds to Employment Client Support to assist with the cost of employment training, employment transportation, and to assist with the purchase of items required for employment. Referrals to Employment Agencies and directly to employers do not require client service dollars to be spent. Additional Staff time will also be budgeted to the Employment Category. **Family**

**3. Education** Although Education ranked mid-way in the Survey at 48.50%. With the support for Adult students, the Educational Scholarship Programs and Youth Programs are included in this category. We will continue to help remove barriers to costs for education, skills training fees, class fees, books, referrals to GED Centers and payment for GED tests. Education also leads to jobs and self-sufficiency. Youth camp scholarships to local

children so they can attend 4-H camp and various educational activities focused on children. Swim passes, summer reading. **Family**

**4. Health and Social/Behavioral Development** 46.29% since this agency provides many services in the Nutrition Category, this indicates that Nutritional needs are met. With new involvement in Gardening we will help meet needs to improve adults and children with healthy eating and exercise. We will continue to provide existing services, including the Backpack, Senior Commodity, and Food Bank Programs. Local Extension Offices will be used for nutrition classes and how to save money on groceries. Although the unemployment rate is lower than last year, many jobs do not include benefits such as health insurance. The high cost of medical care and prescriptions, along with the large number of families without health insurance makes this category a major concern of low-income families. We will continue to refer families to the Free Medicine Program for free prescription drugs. Our staff, in answer to the need of our families, will recommend that families apply for K-CHIP to help families obtain health insurance for their children. We will continue to provide assistance with health care needs and expand our knowledge in this area to enable us to provide productive referrals for health care. We will also continue to refer to our Transportation Program for medical transportation. Our Agency does not operate the KYNECT insurance program but will continue to bring this to our client's attention. **Family**

**5. Income and Asset Building** 37.5% of the surveyed noted Income and Asset Building was needed. Classes on "budget shop" learn how to manage money and SNAP for the month are needed. The CSBG staff also recognizes the importance of income management. No financial assistance, except LIHEAP will be provided to clients without developing a budget with the client. We will partner with Extension Offices for budgeting classes. **Family**

**6. Support Services, Supporting Multiple Domains** Many of the services lead to self-sufficiency. 34.79% Bundling of services across multiple areas of the agency to create a high level of impact. Case management can be reported here or under a specific activity. We will continue to provide existing services and budgeting. **Family**

**7. Civic Engagement and Community Involvement** 4.79% Staff members collaborate with individuals or low-income groups to inform them of the availability of programs and services in all service categories. We have developed and now maintain low-income representative groups, giving them a voice in the community. Community planning is also a component of this area. **Community**

**g.** Logic Models were constructed for each of the service categories.

**h.** CSBG funds will be distributed among the Service Categories according to the Needs Assessment Survey Results as staff time and financial assistance. The results of the area wide Needs Assessment process, the input of our experienced staff, along with input from the Board of Directors and the Executive Director have set the following priorities for our CSBG Program, FY 2022-2023. Both funds and staff time will be budgeted to provide services.

**Explanation if funds do not align with the service categories.**

**Housing** is our number one according to our Needs Assessment; we supplement our assistance with Emergency Food and Shelter, local match donations, Tri County United Way Grant, Wintercare, and Winterhelp.

**i.** Our CSBG Coordinators have developed and maintain close working relationships with the other service providers in our service area, including Department for Community Based Services, and other service providers, to identify the services available to families of low-income. This allows us to provide the best results from our resources without duplication, through both direct service and information and referral. This networking

assures that every avenue is explored to obtain the services our clients need. We are able to deliver services effectively to those that may fall into the gaps between other service provider programs, including DCBS. Whenever the opportunity presents itself, we attempt to forge partnerships with other agencies during the delivery of services to our clients. We often share the cost of services with other agencies. The County Coordinators are involved in the County Interagency Meetings, held at least quarterly, and through telephone contacts and field visit to other offices of locations of service delivery. Our County Outreach Staff assists families with the completion of Weatherization applications, and forward them to the Central Office. K-TAP recipients are assisted through both the CSBG Offices and the Kentucky Works Program. Hardin Hope and Helping Hand Agencies, Marion County Community Services Center, Aid to West Marion County, Ministerial Associations, Grayson County Community Alliance, and other Agencies, all refer to and accept referrals from our Agency for clients needing financial assistance. i. With the permission of the client, we freely share information with other service providers. We provide the county DCBS offices with a report of all LIHEAP applicants for each program. Interagency Meetings are held in each county in our service area on at least a quarterly basis. These meetings are expected to facilitate interagency cooperation and the assessment of the social services currently being provided – and identifying the gaps in services in the geographical area. The CSBG staff plays a leading role in these meetings. CSBG shares a report of the Head Start age children served during LIHEAP with Head Start. CSBG Staff completes the Weatherization Applications, administers the Winterhelp, Wintercare, Emergency Food and Shelter when available, Local Match and KU Home Energy Assistance Programs. Agency Staff members are involved with the "Shop with a Cop" Program, the Toys for Tots Program, Salvation Army and other programs that provide family support. Our services “fill in the gaps.” Community Action Kentucky (CAK) provides the LIHEAP Subsidy and Crisis listings to DCBS at the end of each program. County Offices may also provide a list in alphabetical order by last name, including name, address, number in family, and benefit amount. Any suspected abuse of adults or children is reported to DCBS and the authorities. The Backpack Program targets children that may have “food insecurity”. Food is provided for the weekends when school breakfast and lunch is not available. This Agency targets Senior Citizens for LIHEAP, making calls to older clients to inform them of the program. This Agency, along with America’s Second Harvest and USDA provide Senior Commodities to 800 Senior Citizens on a monthly basis, equaling over \$400,000 worth of food per year. Approximately 420 pounds of food to a senior each year.

No limitations are placed on client services due to the coverage provided by the work training programs in our offices. All offices administer the LIHEAP Subsidy and Crisis components and additional programs such as LIHWAP. Thousands of families are served. Every worker in the CSBG group will be asked to provide at least two presentations annually to draw attention to the needs of families of low-income and the programs available to meet those needs now that COVID -19 restrictions are being lifted. . Each worker also serves on several boards or committees. Staff members have positive contact with the local media and the agency uses social media to advertise our programs.

m. Describe how the agency analyzed SFY 2021 and 2022 ROMA data and adjusted the SFY 2023 plan to improve service delivery. Several members of the management team and key personnel in other departments meet to analyze the Community Needs Assessment data. Ellen Leake, CSBG Director-CCAP, Nationally Certified ROMA Implementer provided the needs assessment data compiled by Survey Monkey these combined responses determined rank. ## **Introduction**

In this Strategic Plan, Central Kentucky Community Action Council, Inc. (CKCAC) outlines the critical community characteristics and needs which will guide development and innovation of the agency's anti-poverty programming over the next three years. The goals presented in the plan focus on improving the agency's overall operations as well as program-specific operations including the types of services that are provided by the agency.

Its contents have also been developed through a collaborative process of assessment involving key agency and community stakeholders, the agency board of directors, staff, and most importantly, our clients. Extensive research regarding community strengths and stresses, client needs assessment surveys, and Agency Client satisfaction surveys were used to focus the strategic plan on client needs.

This Strategic Plan will be a path toward, rather than a final product of, the ongoing assessment and improvement of our programming, as well as the fulfillment of our mission. A changing economic, political and cultural climate will require review and re-evaluation of the plan on an annual basis.

In March of 1964, President Johnson declared a War on Poverty and presented to congress his direction to Sargent Shriver to assist in drafting legislation for the Economic Opportunity Act of 1964. Congress passed this act, and on August 20, 1964 President Johnson signed it into law. Established in 1966, CKCAC embraces a philosophy of needs-based strategies and family-based services leading to self-sufficiency and self-reliance.

For the many years that followed, the organization has continued its growth. The Agency added programs that served the needs of the low income and motivated them to become self-sufficient.

CKCAC is a community action agency primarily serving Breckinridge, Grayson, Hardin, Larue, Marion, Meade, Nelson and Washington counties. CKCAC has grown to have a presence in 27 Kentucky counties and holds a respected status within the communities it serves. This status enables CKCAC to mobilize communities around issues and serve people in many ways. Financial Stability/Emergency Services Program, the Emergency Food and Shelter Program (EFSP), the Low Income Home Energy Assistance Program (LIHEAP), the Weatherization Assistance Program, the CATS Transportation Service, Kentucky Works, Community Collaboration for Children, Senior Companion Program, Retired Senior Corp Program, Senior Citizens Centers, Head Start Programs serving six counties and Child Food Program. All programs are either directly or indirectly supported by the Community Services Block Grant.

The agency has approximately 260 employees that represent a highly skilled, professional team of program directors, teachers, social workers, counselors, and transportation drivers. Staff is guided by Executive Director, Hal B. Goode. CKCAC is governed by a volunteer tripartite board of directors whose members are active in community service throughout the agency's primary service region. The governing Board of Directors includes members of the Community who are low income or have been before. CKCAC believes that communities must work together - in partnership - to enable all persons to live with dignity, responsibility and opportunity.

**Our mission: To be innovative, enthusiastic, and diligent in our search and advocacy for programs that advance social and economic change and growth for the low income citizens we serve.**

To support this mission, CKCAC offers a myriad of services for families and individuals that promote stability, self-sufficiency and independence throughout their lives.

Our Vision – The staff of Central Kentucky Community Action Council, Inc. strives to make a difference in the lives of others. We are dedicated to the challenge of "Helping People...Changing Lives." The Agency's goals are to bring social and economic change and growth to the clients we serve.

## **Research Methods**

With customers in mind, this Strategic Plan was developed by incorporating Customer Satisfaction data and customer input that was collected through the Community Needs Assessment and customer satisfaction surveys from programs operated through CKCAC. CKCAC engaged in thoughtful assessment of needs, planning to meet those needs, implementation of programs and services designed to meet the needs, collection of data, and the analysis of this data by continuous use of the full ROMA Cycle. The agency's Nationally Certified ROMA Implementer was influential in the development of the Strategic Plan.

The Community Needs Assessment is administered in the summer, fall and winter and completed in the spring. This report consisted of surveying CKCAC clients, community organizations. Faith based, private sector, public sector and educational institutions in CKCAC's primary service region regarding their perceptions of what services/programs are needed and the major causes of poverty in their community. This report examined a wide range of variables in the service region such as poverty, health care, education, transportation, and employment.

## **Methodology and Acknowledgements**

Using the aforementioned data, a Strategic Planning Committee was formed. The committee consisted of Hal B. Goode, Executive Director, Ellen Leake, Community Services Director-Certified Community Action Professional and National Certified ROMA Implementer, Jami Sandusky, Fiscal Manager, Kerri Taylor, Human Resources, Jewel Bartley, Head Start and Jessica Miles, Information and Technology, with input from each of the Agency Program Directors. The committee met and discussed the strategic goals the agency needed to pursue in the upcoming three years. Using data as well as developing current information from interviews and surveys, the Community Assessment served to guide the Group in drafting a needs-based plan. The Customer Satisfaction Survey data and results is collected and embedded within the Strategic Plan..

The Strategic Plan is reviewed and approved by the Board of Directors. Organizational Standard 6.5 Board will receive updates every 12 months.

## **Process**

Throughout this Strategic Plan, goals are tied to the three national ROMA Goals. ROMA stands for Results-Oriented Management and Accountability. This design tool was created in 1994 by an ongoing task force of federal, state, and local community action officials — the Monitoring and Assessment Task Force. Based upon principles contained in the Government Performance and Results Act of 1993, ROMA provides a framework for continuous growth and improvement among more than 1,000 local community action agencies and a basis for state leadership and assistance toward those ends. The Performance Management Framework focuses on a model of continuous improvement. Implementing a comprehensive CSBG Performance Management Framework not only strengthens CKCAC to meet today's challenges; but positions the agency for future growth and increased capabilities to achieve outcomes. Throughout the strategic plan, strategies, goals and objectives will be directly linked to one of the three ROMA goals.

## **The three national ROMA goals are:**

ROMA Goal 1: Individuals and Families with low income are stable and achieve economic security.

ROMA Goal 2: Communities where people with Low Incomes live are healthy and offer economic opportunity.

ROMA Goal 3: People with low income are engaged and active in building opportunities in communities.

The integrity of the strategic plan will focus on the agency mission. It is adaptable and can shift in the direction needed for the agency.

**SECTION II: SPECIAL REMARKS**

TREATMENT OF FRINGE BENEFITS:

The fringe benefits are specifically identified to each employee and are charged individually as direct costs. The directly claimed fringe benefits are listed below.

TREATMENT OF PAID ABSENCES

Vacation, holiday, sick leave pay and other paid absences are included in salaries and wages and are claimed on grants, contracts and other agreements as part of the normal cost for salaries and wages. Separate claims are not made for the cost of these paid absences.

ORGANIZATION: Central Kentucky Community Action Council, Inc.

(1) Grantee charges all costs direct to grants and/or contracts except the costs listed below:

A. Salaries and wages of agency-wide employees are as follows: Executive Director - 100%, Chief Financial Officer - 100%, Bookkeepers (3) - 78%, Human Resources (2FT) - 90%, Chief Information Security Officer - 75%, Payroll Coordinator - 52%, Information Technology Assistant - 100%, and Janitorial Services - 100%.

B. Leave and fringe benefits for above personnel only are included in the indirect cost pool.

C. Other expenses - contracts & consultants, travel & transportation, training costs, space costs/utilities, consumable supplies, equipment expense, insurance, and IT Personnel.

(2) The directly claimed fringe benefits include FICA, Unemployment Insurance, Worker's Compensation, Medical Insurance, Life Insurance, Health Insurance and Retirement Expense.

(3) Equipment means tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost which equals or exceeds \$5000.

(4) The indirect cost rate has been negotiated in compliance with the Administration for Children and Families Program Instruction (ACF-PI-HS-08-03) dated 5/12/2008, which precludes recipients of Head Start grants to use any Federal funds to pay for any part of the compensation of an individual either as a direct cost or any pro-ration as an indirect cost if that individual's compensation exceeds the rate payable of an Executive Level II. As of January, 2020 (\*) the rate of compensation for an Executive Level II is \$197,300 per year.

(5) Your next proposal based on actual costs for the fiscal year ending 06/30/21 is due in our office by 12/31/21.

ORGANIZATION: Central Kentucky Community Action Council, Inc.

AGREEMENT DATE: 2/22/2021

### SECTION III: GENERAL

A. LIMITATIONS:

The rates in this Agreement are subject to any statutory or administrative limitations and apply to a given grant, contract or other agreement only to the extent that funds are available. Acceptance of the rates is subject to the following conditions: (1) Only costs incurred by the organization were included in its indirect cost pool as finally accepted; such costs are legal obligations of the organization and are allowable under the governing cost principles; (2) The same costs that have been treated as indirect costs are not claimed as direct costs; (3) Similar types of costs have been accorded consistent accounting treatment; and (4) The information provided by the organization which was used to establish the rates is not later found to be materially incomplete or inaccurate by the Federal Government. In such situations the rate(s) would be subject to renegotiation at the discretion of the Federal Government.

B. ACCOUNTING CHANGES:

This Agreement is based on the accounting system purported by the organization to be in effect during the Agreement period. Changes to the method of accounting for costs which affect the amount of reimbursement resulting from the use of this Agreement require prior approval of the authorized representative of the cognizant agency. Such changes include, but are not limited to, changes in the charging of a particular type of cost from indirect to direct. Failure to obtain approval may result in cost disallowances.

C. FIXED RATES:

If a fixed rate is in this Agreement, it is based on an estimate of the costs for the period covered by the rate. When the actual costs for this period are determined, an adjustment will be made to a rate of a future year(s) to compensate for the difference between the costs used to establish the fixed rate and actual costs.

D. USE BY OTHER FEDERAL AGENCIES:

The rates in this Agreement were approved in accordance with the authority in Title 2 of the Code of Federal Regulations, Part 200 (2 CFR 200), and should be applied to grants, contracts and other agreements covered by 2 CFR 200, subject to any limitations in A above. The organization may provide copies of the Agreement to other Federal Agencies to give them early notification of the Agreement.

E. OTHER:

If any Federal contract, grant or other agreement is reimbursing indirect costs by a means other than the approved rate(s) in this Agreement, the organization should (1) credit such costs to the affected programs, and (2) apply the approved rate(s) to the appropriate base to identify the proper amount of indirect costs allocable to these programs.
